

Solar made simple.

Reduce your carbon footprint and your power bills by subscribing to a community solar project through Oregon Shines.

About us

At Oregon Shines, our mission is to make solar energy accessible to all Oregonians.

Oregon Shines works on behalf of solar developers who are registered through the Oregon Community Solar Program. We connect individuals, businesses, municipalities and other organizations to community solar projects in their utility territory, allowing them to save money and gain access to clean energy.

What is the Oregon Community Solar Program?

The Oregon Community Solar Program gives customers of Portland General Electric, Pacific Power and Idaho Power new opportunities to go solar without needing to own a home, have a sunny roof, or make upfront investments. Customers can subscribe to a community solar project and receive a credit on their monthly utility bill for the electricity from their portion of the project. There is a monthly fee, but it will always be less than the value of your credit, saving you money.

HOW IT WORKS

1

Customers subscribe to a portion of a community solar project. Your subscription is meant to offset 80% of your annual electricity usage.

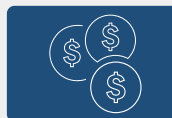

2

Your subscription will generate a certain amount of electricity each month. All electricity produced by the community solar project goes straight to the utility grid.

3

You'll receive a Bill Credit on your utility bill each month that is proportionate to the electricity that your subscription produced.

4

You pay a Subscription Fee for your Bill Credit. Your Subscription Fee will always be less than the value of your credit, saving you money.

Residential Subscribers

Community Solar is a wonderful alternative to onsite solar that gives you access to the benefits of solar without the hassle and cost of installing solar onsite. It's easy and free to sign up!

HOW TO SIGN UP

1

Fill out our sign up form online. We'll need your basic contact info and a copy of your latest utility bill.

2

As part of the sign-up process, you'll choose a project and sign a Participant Agreement.

3

That's it! Once your project comes online, you'll start to receive your bill credits on your monthly utility bills.

WHAT YOU'LL GET

Save money.

You will save 5% annually on the portion of electricity offset by your subscription. Income qualified subscribers save 40%.

No sign up fees.

There are no upfront costs to participate in the program.

Support local clean energy.

Community Solar Projects are built in Oregon and are developed by local solar developers. With your subscription, you're supporting a local clean energy economy.

No cancellation fees.

Should you need to, you can always terminate your subscription at any time for any reason - there is no cost to terminate.

This organization is operating under the Oregon Community Solar Program. The Oregon Community Solar Program is a state-enabled initiative overseen by the Oregon Public Utility Commission and implemented by Energy Solutions, Energy Trust of Oregon, and Community Energy Project. The program provides resources and certification for its Project Managers (PMs) but does not promote any individual PM or PM affiliated organization.

Eligible low-income customers may qualify for additional savings and can learn more by visiting www.oregoncsp.org/li or by contacting the Program. For more information about the program, call 1-800-481-0510 or email info@oregoncsp.org.

Income Qualified Subscribers

How do I know if I'm income qualified?

Low-income qualified participants **save 40%** on their subscribed electricity. You must be a qualifying utility customer and have a gross income at or below 80% state median income. Check the income chart to verify eligibility.

I qualify! What are the next steps?

If you qualify based on the income chart above, the next steps are to schedule an intake appointment with Community Energy Project (CEP). This is so that CEP can verify your income and collect any necessary information in order to get your subscription sized.

HOUSEHOLD SIZE	ANNUAL HOUSEHOLD INCOME	MONTHLY INCOME
1	\$39,112	\$3,260
2	\$51,164	\$4,264
3	\$63,203	\$5,267
4	\$75,240	\$6,270
5	\$87,279	\$7,273
6	\$99,317	\$8,276
7	\$101,575	\$8,465
8	\$103,832	\$8,653
9	\$106,089	\$8,841
10	\$108,347	\$9,029
11	\$110,604	\$9,217
12	\$112,860	\$9,405

HOW TO SIGN UP

1

Schedule an intake appointment with CEP online or over the phone (971) 544-8718.

2

Make sure you have your household size, total income, and utility account number ready for your appointment.

3

After intake, your information will be sent to Oregon Shines.

5

Oregon Shines will send you a Participant Agreement to review and sign.

I don't qualify – can I still participate?

Definitely! Even if you don't qualify as low-income, you can still participate and receive a 5% discount on the electricity that you subscribe to the program. You'll find more information on how to sign up through Oregon Shines on page 2.
